

DRONE CODE

Grades 5-8

SIGN UP!

February 20th
9am - 4pm

TAKE FLIGHT!

Students will be introduced to basic flight mechanics, aerodynamic principles to understand how to fly a drone, and basic python to create flying patterns that can be uploaded to the drone. They will develop critical analysis and quick decision-making skills, while maneuvering through obstacle courses.

In partnership with Somers Recreation & Leisure Services
Program location is Somers Recreation & Leisure Services
619 Main Street Somers, CT

Camp Fee per student is \$175.00
