

Presented by Mad Science of Western New England and
sponsored by Somers Recreation

Jr Scientist

Become a Junior Mad Scientist! This is a great introduction to science. Preschoolers explore a wide variety of sciences including the science of colors and the way things move. We might become paleontologists and search for fossils and participating in a mini dinosaur dig. Your Jr Scientist could also become an astronaut as they take an exciting mission with Mad Science to explore the planets, moons and stars. Each day, the Jr Scientist will an exciting take-home project related to each subject.

When: Tuesdays January 6 - February 10

Time: 10:00am-10:45am

Where: Kibbe Fuller Community Center

619 Main Street, Somers, CT
