

SOMERS RECREATION'S FUN ROBOTICS WITH K-ROCKETS ENGINEERING & TECHNOLOGY SCHOOL

This program will cover everything robotics - starting from "what is a robot" to programming a robot, to creating your own. Learn robotic concepts, operating principles and algorithms. Students will learn machine and electronics foundations as they build multiple robots including Mindstorm EV3, Wonder League Robots, Line Tracer, Battle Robot, and more. This will also build skills for kids interested in robotics competitions.

Date: Friday, March 8th

Time: 12:30-4:30pm

Location: Kibbe Fuller, 619 Main Street

Ages: Grades 3-5

Fee: \$100.00/participant
